

LOPRO JAR

- Airtight & FDA Food-Safe
- Smell-Proof & Water-Resistant Design
- High-Quality Materials
- Versatile Storage Solution
- ASTM & CPSC Child-Resistant Compliant*
- Fully Customizable
- 3 Cap Styles
- Terp Seal Liner Technology

-  Dry Herb
-  Edible
-  Solid Concentrate
-  Topical
-  Child Resistant

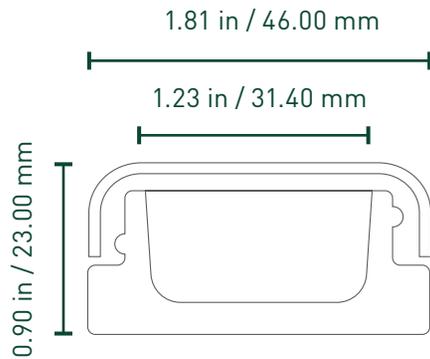

Designed with a low profile and wide mouth, the LoPro glass jar line was designed to accommodate and store extra-large dry herbs, concentrates, topical creams, edibles, and more. It's low stature makes it the perfect companion piece for auto-filling machines. Boasting thick, high quality glass, the LoPro packaging ensures product freshness and an elongated shelf life.

Available in either rounded, flat, or magnifying styles, the threaded caps maintain an airtight, smell-proof, and water-resistant seal. The LoPro collection is fully customizable—choose between a variety of custom sizes, colors, and finishes. These glass jars are FDA food-safe, ASTM/CPSC child-resistant compliant, and recyclable.
